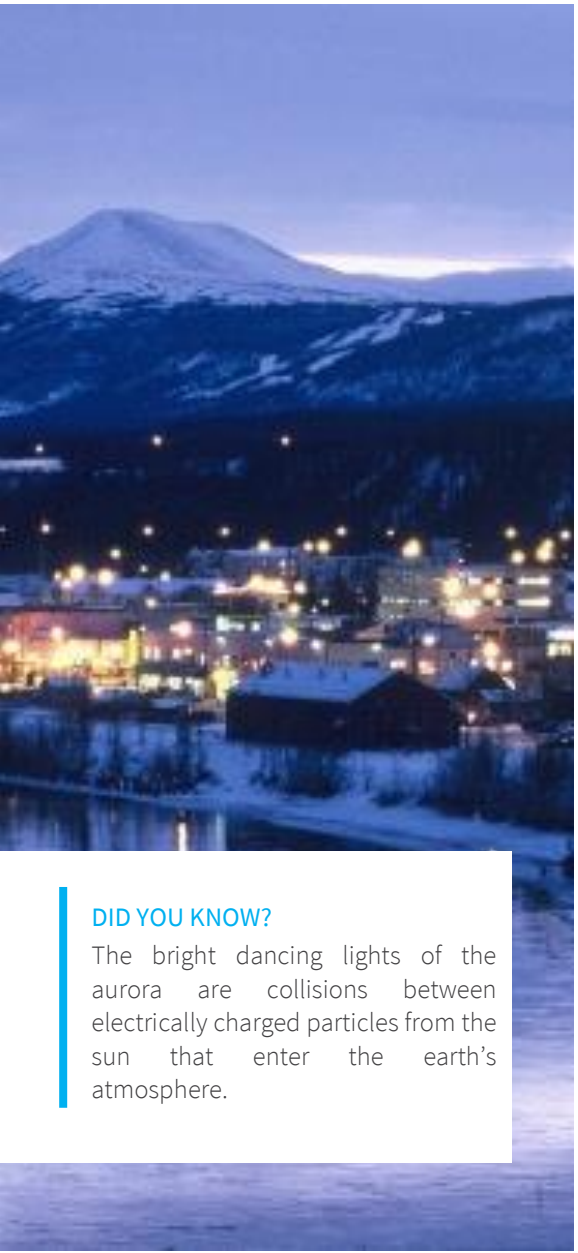
Journeys

EXPERIENCES & HIGHLIGHTS

A classic northern mode of transportation, dogsledding is still hugely popular with Yukon visitors and locals alike. “Gee! Haw!” (Go right! Go left!) are just two examples of how to move the graceful team of friendly dogs through the snowy trails. Experience these remarkable dogs pulling you with power and grace through the wilderness and learn the basics of mushing and most importantly, dog care.



DID YOU KNOW?

The bright dancing lights of the aurora are collisions between electrically charged particles from the sun that enter the earth’s atmosphere.

ITINERARY

DAY 1 From Kelowna Airport, fly on Air North via Vancouver into Whitehorse arriving late this afternoon. Get acquainted with your fellow adventurers at tonight’s welcome dinner. We depart at 10 pm for the short drive to our warming huts to view the Northern Lights. Don’t forget your camera!

DAY 2 Whitehorse, known as the “Wilderness City”, blends vast northern wilderness with a charming downtown. On your city tour, see the historic Train Depot, Log Skyscraper, Log Church and the iconic sternwheeler SS Klondike. Discover the Yukon’s rich history at the MacBride Museum. Return to the Northern Lights Viewing Facility for another unforgettable opportunity to witness nature’s greatest lightshow.

DAY 3 Visit the Yukon Wildlife Preserve to view northern wildlife in their natural habitats. This evening return for another opportunity to witness the spectacular Aurora Borealis as brilliant ribbons of colour dance across the northern sky.

DAY 4 Experience the thrill of a husky-led ride as you glide through the crisp air while being pulled by a dogsled team. Learn the history behind dogsledding and life as a musher. This evening offers your final chance to view the Northern Lights.

DAY 5 Enjoy a leisurely morning before heading to the airport for your afternoon flight to Kelowna, with transfers included for Kamloops, Vernon and Penticton.

The Northern Lights are a natural phenomenon; sightings cannot be guaranteed. This tour is an outdoor winter experience in the Yukon and requires a reasonable level of mobility. Guests should be comfortable walking unassisted on snow–or ice-covered surfaces. Warm layered clothing and insulated footwear is essential.
